

Field Trip Funds

Mr. Soto's class was planning a trip to the zoo. They needed to earn money to pay for the trip. Some kids wanted to have a book sale at school. They could sell their old books. A book sale would be pretty easy.

- Circle a word that has the same oo sound as "food."
- Underline a word that means "part of, but not all."
- Put a ✨ next to an important event from the story.

Other kids wanted to walk dogs to make money. They knew lots of people in the neighborhood who had dogs. Walking dogs sounded like a job everyone would enjoy. The class voted, and the dogs won!

Would you rather have a book sale or walk dogs? Why?

Have students draw and write to respond to the text.
